MEMORANDUM FOR : Director of Security

SUBJECT : Office of Security Statistical Report
for July 1959

1. The attached tables and charts reflect some of the activities of certain components of the office during July 1959. The statistics in the tables are compiled by the component concerned; the charts are prepared in this office from the statistics furnished by the components.

2. A small, but important, change has been made in the format of Table C "Time Factors in Processing Overt and Semi-Covert Cases." This change is the recording under "Days in Appraisal" of the processing time in the Personnel Security Division and in the Security Records Division, respectively. This record may be significant if unusual processing time occurs in either one of the two Divisions concerned.

3. Following are noteworthy items for the month:

- a. The investigation referred to last month of alleged derogatory allegations against an Agency employee, made by a woman claiming to have had East Germany Intelligence training, was completed and the allegations were determined to be untrue.
- b. The Supreme Court decision in the Greene Case, regarding the Government's right to exclude persons from employment on Government contracts on the basis of security risks, has resulted in the Office of Security and the General Counsel engaging in studies of the problem as it affects the Agency Industrial Program.
